SOCIAL AND PERSONAL MUSICAL

Supt. C. W. Deane, and family with the party of teachers from this city, who have been touring abroad the past two months, returned on Monday. The entire party are filled with delight and enthusiasm over the interesting and historical scenes visited and many entertaining recitals may be looked for from individual members of the party during the next few months.

Mr. and Mrs. Charles La Field of North Haven, entertained yesterday a congenial little house party in honor of Sergeant and Mrs. C. H. Suckley.

Mr. I. H. Kleban, lately of the firm, Kleban and Gelman, has made advantageous connection with a New York wholesale concern, and with his family will remove to that city. His handsome home on Sanford avenue is for sale.

The Misses Jennie and Mabel Spencer of Prospect street, who have been traveling abroad the past several weeks, returned to their home on Saturday.

Miss Anna G. Noonan, buyer for D. M. Reed company, is located at Lenox, Mass., for the next two weeks, enjoying her annual vacation.

Mr. and Mrs. H. S. Fuller, of Park avenue are back from a delightful two weeks travel through New York state. Mr. Fuller is the efficient manager of the Curtis pharmacy, on Main street.

Attorney Thomas M. Cullinan and family are enjoying a two weeks stay at Bantam Lake.

Miss Alice Hawkins, buyer at Howland's, has returned from an enjoyable two weeks' outing at Atlantic City.

One of the most enjoyable lawn parties of the season was given yesterday at the home of Miss Alice Beaudoin, of Meriden, Conn. Most of the guests were friends of Miss Beaudoin. Among those present were the Misses Clive and Orlepp, Valery Beaudoin, Elizabeth Shea, Catherine McNamara, Hattie Bundoock, Lillian Langdon, Marnie Toomey, Theresa Bundoock, Marnie Langdon, Alice Bundoock, W. Costello, Arthur Riskey, L. Bussat, Harold Seltzer, M. Kirschner, C. Bundoock, Raymond Burke, George Northrop, Quinn, Fred Sachs, Adomar Bundoock.

Edward Bayles, long connected with the railway mail service, will probably return to that service in the near future. It is expected that he will receive an appointment to the position held in the New York department of the local railroad station by the late Mr. Sweet.

A picnic for his friends at Fairfield Beach was the method George Wells of 488 Warren street took yesterday of celebrating his 17th birthday. The party was made up mostly of his high school companions who enjoyed themselves with aquatic sports and spins in a launch of the host.

Mr. and Mrs. John M. Doehrer of 426 Union avenue, yesterday celebrated the silver anniversary of their marriage. Many gifts of silver were received. The members of the Schwabacher Men's Chor tendered Mr. and Mrs. Doehrer a reception at the hall in French street.

The parents of George Hopper of Pembroke street gave a party last Sunday evening in honor of his 18th birthday. The evening was very pleasant.

Old people who passed life's meridian and are susceptible to colds look upon Cyrus Plasters as friends in need. Relief, support and added strength in every one. 25 cents, five for one dollar

HARTFORD WHOLESALE HAVE BIG LAWSUITS

Will Involve Nature of the Boycott Law.

Labor Unions in the Country Will be Interested.

Case Will Come Before Judge Platt in October.

Hartford, Sept. 1.—One of the most important lawsuits ever scheduled on a court docket in this country is to be tried for assignment for trial at the October term of the United States circuit court on the second Tuesday of that month, with Judge James P. Platt on the bench. Judge Platt, who is now abroad, will be back to assign the case when it is claimed for trial.

The question at issue arises under the Sherman anti-trust law, but to be more clear the law of boycott is involved. The action was brought to the court in 1903 by the United States and Martin Puchner, who conducted a hat factory at Danbury under the name of D. E. Loewe & Co., and they sued Martin Lawler and 230 others, members of the Hatters' Union in Danbury, for damages, alleging that the members of the Hatters' Union had boycotted their goods and that the United States because they did not use the union label. When the case was filed in the United States court at this city, it was assigned to the complaint, Judge Platt sustained the demurrer and on his decision the case was appealed to the circuit court of appeals of the United States. The circuit court did not want to pass on the law question involved and that tribunal certified the record to the supreme court of the United States. The supreme court overruled the decision made by Judge Platt, the case was sent back for trial on its merits and the lawyers for the parties interested agreed that the case be called for assignment in the October term of the court.

The case is regarded by those who claim to be possessed of knowledge as one of the most important that has ever been tried in this country. The questions involved are of the utmost importance to leaders of organized labor and it has been said that when the case is tried leaders of organized labor from all sections of the country will be here. There will be but little law on the question to come before Judge Platt, as the law has been decided by the United States supreme court of the United States and the question will come down to the law of boycott and just what means of labor union can do. No information will be given out at the clerk's office regarding the case, but it is known that many depositions have been taken during the summer and when the lawyers were in consultation with Judge Platt early in the summer they told that the case would take from eight to twelve weeks. The question of boycott has never been raised so clearly as in the present case and it is believed that the trial will be a department of organized labor throughout this country and by people who are opposed to the boycott law.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble, and they are told to take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes good of pain, weakness, and urinary trouble disorder. F. B. Brill, local agent.

Miss Fitzpatrick, principal of the West End school, has returned from a sojourn in the Berkshire Hills.

Mrs. F. P. Beardslee, widow of former Fire Chief Beardslee, of Prospect Street, who has been touring England for the past two months is now in Germany where she expects to stay for some time. Friends in this city are daily receiving cards of her trip.

Mr. William Anselme of New York left for home yesterday after spending a few weeks with the Misses Strassburger on Seaview Avenue.

The Rev. George M. Brown, pastor of the First Methodist Episcopal Church has returned from his vacation and will conduct the Mid-week service at that church this evening.

Miss May Foley and Miss Mary Bibbins have returned from Salisbury, Conn. where they have been spending several weeks at the "White Hart Inn."

Anarchists Arrested for Plotting Against Czar

(Special from United Press.)

Odessa, Sept. 1.—Three Anarchists were arrested here to-day suspected of being involved in a plot against the Czar. They had been arrested by the police for several weeks and were shadowed from Paris to this city. They were arrested when on the point of embarking for Italy. The police are convinced that the Anarchists will be unusually active during the Czar's visit to Italy. The Russian secret police, who have been watching the Czar's movements, have been sent to Italy in advance of the ruler.

Scripps-McRae Will Form New Wedding League

(Special from United Press.)

Detroit, Sept. 1.—Announcement has been made of the engagement of John P. Scripps of San Diego, Cal., and Miss Edith McRae, of this city. The wedding will take place at the home of the bride's parents on September 8, after which the couple will depart for their honeymoon in California. E. P. Scripps, the father of the bridegroom-to-be, and Wilton McRae, father of the prospective bride, have been associated for many years in the publishing of newspapers in the west and middle west, under the name of the Scripps-McRae League.

Weather Indications

New Haven, Sept. 1.—Forecast: Clearing and cooler to-night; fair and cooler Thursday.

The disturbance that was central over Michigan yesterday morning has moved eastward and is now central over Vermont. It is producing cloudy and rainy weather in the eastern portion of the lake region and in New England. An area of high pressure over the western portion of the lake region, is producing pleasant weather with low temperatures in the central sections. Frosts were reported from Minnesota, Wisconsin and Michigan. Showers have occurred during the past 24 hours in the corn belt from Texas northward to South Dakota. The next day, indeed, has been a day of rain and rain showers in the central and eastern portions of the lake region and in New England. An area of high pressure over the western portion of the lake region, is producing pleasant weather with low temperatures in the central sections. Frosts were reported from Minnesota, Wisconsin and Michigan. Showers have occurred during the past 24 hours in the corn belt from Texas northward to South Dakota. The next day, indeed, has been a day of rain and rain showers in the central and eastern portions of the lake region and in New England. An area of high pressure over the western portion of the lake region, is producing pleasant weather with low temperatures in the central sections. Frosts were reported from Minnesota, Wisconsin and Michigan. Showers have occurred during the past 24 hours in the corn belt from Texas northward to South Dakota. The next day, indeed, has been a day of rain and rain showers in the central and eastern portions of the lake region and in New England. An area of high pressure over the western portion of the lake region, is producing pleasant weather with low temperatures in the central sections. Frosts were reported from Minnesota, Wisconsin and Michigan. Showers have occurred during the past 24 hours in the corn belt from Texas northward to South Dakota. The next day, indeed, has been a day of rain and rain showers in the central and eastern portions of the lake region and in New England.
